# Growth Group Homework

For the week of 05-05-19

## Getting Started:

When was a time when you suspect that you were negatively influenced by false teaching?

## Digging Deeper:

In our text this week, the Ephesian elders were cautioned to be on the lookout for false teachers. How would you know one if you saw one? In an effort to prepare all of us, in this week's study we're going to examine four passages that describe false teachers. In each case, identify their characteristics, motives/objectives, tactics, and teaching (though not every passage will reveal something in every category). Afterward, summarize your observations.
